

Notice to Brookline Residents

Some changes at the Town Garage

Due to some recent thefts and the rising costs of sand and salt the Selectboard made this decision at the November 05, 2008 meeting.

There will be a cable at the entrance to the Garage and a sand pile for residents to take up to two pails of sand per visit for their personal use.

Also a reminder that NO SALT is to be taken.

We ask residents to report violators of this to the VSP.

Thank you for your cooperation in this matter.

The Brookline Selectboard
